

The Long Island Greenway

What if you could travel to **work**, the **grocery store**, or even **Montauk Lighthouse** without getting in your car?

- proposed off-road
- proposed on-road
- existing on-road
- existing off-road

**TRUST FOR
PUBLIC
LAND®**

Safe and Protected from Cars

Trust for Public Land is creating the Long Island Greenway, a trail that will run from Battery Park all the way to Montauk. This pathway will give Long Islanders a safe, off-road way to exercise, get to and from work, and enjoy the outdoors and all of its benefits with their friends and families.

Learn more:
